FOR IMMEDIATE RELEASE:
"Eleven more 910th Reservists deploy Wednesday"

DATE: March 16, 2004
NUMBER: 04-03-13

YOUNGSTOWN AIR RESERVE STATION, OHIO – Eleven more Air Force Reservists from the 910th Airlift Wing are scheduled to deploy tomorrow, Wednesday, March 17, at 9:15 a.m. via a C-130 aircraft to support the U.S. war against terrorism.

These aircrew members are scheduled for a 60-day deployment to an airbase in the country of Kuwait supporting Operations Iraqi Freedom and Enduring Freedom.

The activated reservists of the 910th Airlift Wing represent a significant amount of support to continuing operations in Kyrgyzstan, Kuwait, and Iraq.

The current combined activation of nearly 500 reservists marks the single largest activation in the history of Youngstown Air Reserve Station. Nearly 200 of these reservists are deployed away from Youngstown Air Reserve Station at this time.

The primary mission of the 910th Airlift Wing is to deliver personnel and cargo by airdrop and air-land techniques anywhere in the world as directed.

The activated men and women of the 910th Airlift Wing have received outstanding support from their families, employers, and fellow members of the community. This support is greatly appreciated.
